

SCHOOL ACCELERATOR PROGRAM: TEACHER PATHWAY OVERVIEW

The SAP: Teacher Pathway offered by TeachUNITED empowers educators to transform their practices, engage all students, and form professional learning communities. With an online course, job-embedded instructional coaching, webinars, and built-in professional learning communities, this program is a side-by-side, supportive journey to build long-term, school-wide capacity.

YEAR 1

In year one of the program, 3-6 teachers join as a cohort. These teachers receive access to the online TU course, one-on-one coaching from a TU coach, and community-building webinars and workshops. They will have opportunities to learn and practice new strategies, reflect with expert teachers on their growth, and share practical tools for success with peers.

YEAR 2

In year 2, the year one cohort facilitates the program for the rest of your school. You will receive everything you need to support full-school PD: webinar templates, notes, schedules, handouts, and reflection activities. The TeachUNITED coaches provide continued support and mentoring.

Who is TeachUNITED? TeachUNITED is a global non-profit dedicated to empowering teachers with supportive coaching, evidence-based strategies, and personalized learning design. Teachers experience transformed teaching and learning and improved student outcomes.

SCHOOL ACCELERATOR PROGRAM: TEACHER PATHWAY DETAILS

Details of the Program:

- **Participants:** Teachers and/or Instructional Coaches
- **Duration:** The program lasts 2 school years, 10 months per year
- **Pacing:** Participating teachers will spend 4-5 hours per month on the SAP, including the online course, practicing application, coaching, and webinars.

Program Structure:

- Access to the online asynchronous learning course
- 2 small group webinars per unit, 8 per program
- Bi-weekly Professional Learning Communities (PLC) support
- 1-2 individual coaching sessions per unit, 6-8 per program
- Personalized reflection and feedback opportunities throughout the online course

Sample Learning Outcomes:

- Understand the importance of data-driven decision making for PLCs and practice formative assessment strategies
- Learn how to design, implement, and evaluate high-engagement lessons
- Adapt personalized learning strategies to support student academic achievement

Teacher Path Sample Unit: Growth Mindset

- Lesson 1: Know Your Why - Reconnect with why you became a teacher.
- Lesson 2: Mindset Matters - Understand the importance and impact of growth and fixed mindsets.
- Lesson 3: Feedback for Growth - Learn how to give students growth-oriented feedback.
