

UNITED IN LEARNING PROGRAM: PROGRAM OVERVIEW

The United in Learning program by TeachUNITED brings education-based organizations together to ensure quality education for all.

You are the experts in your community. TeachUNITED is an expert in educator training and empowerment. Working together, we equip you with the skills and support needed to coach educators in your school network and ensure every child has access to high-quality education.

YEAR 1

In year one of the program, 3-6 organizational staff members join as a cohort. These individuals receive access to the online TU course, one-on-one coaching from a TU coach, and community-building webinars and workshops. During this side-by-side, supportive journey, they will gain the skills and confidence to coach educators in your school network on more effective teaching practices.

YEAR 2

In year 2, the year one cohort facilitates the program for the schools in your network. You will receive everything you need to support full-school PD: webinar templates, notes, schedules, handouts, and reflection activities. The TeachUNITED coaches provide continued support and mentoring.

Who is TeachUNITED? TeachUNITED is a global non-profit dedicated to empowering teachers with supportive coaching, evidence-based strategies, and personalized learning design. Teachers experience transformed teaching and learning and improved student outcomes.
